LUXURY BATH BRAND STANDARDS

V3 - JULY 2025

These brand guidelines have been developed to create a strong, consistent and memorable message for Luxury Bath. Every effort should be made to follow these guidelines to maintain the integrity of the brand.

INTRODUCTION

For over 30 years, Luxury Bath has beautified bathrooms across North America by manufacturing and installing attractive, durable and affordable custom bath systems.

At Luxury Bath, we represent innovation. By keeping a pulse on design trends, user needs and safety parameters in the industry, we provide our customers with top-quality products to fit each unique situation. We represent the brand with the professionalism that customers expect from an honest bathroom remodeling company, one that is committed to keeping our promise. Delivering on the promise is maintaining the brand.

Our dealers run their businesses with integrity, dignity and a friendly smile. At Luxury Bath, each job is an opportunity to transform the bathroom remodeling industry using eco-friendly products, a hassle-free process and a solid focus on safe, functional solutions in the bath area. We put our customers first and stand behind our work.

WHAT IS OUR BRAND?

Our brand represents the sum total of the experiences a person has with our company — from the website, the store and the home show to the product, the in-home installers and all the employees who interact with the world.

The Luxury Bath brand is:

- **Our identity**
- **Our reputation**
- **Our image**
- **Our products and services**
- **What differentiates us**
- **Exists in the mind of the consumer**

Brands create consumer trust and emotional attachments.

Why this is Important

It improves organizational focus and facilitates customer loyalty by providing memorable experiences with our brand's products, people and services.

Correct usage of our brand, detailed throughout this manual, helps develop and build a stronger brand.

LOGO GUIDELINES

LOGO OVERVIEW

The Luxury Bath logo was recently updated to better reflect our brand. We anticipate that this new look will enhance our brand and its meaning well into the future.

"Diamond Watermark" Icon
is comprised of three panels that form a water drop in the center.

"Luxury"
is set in Aquawax Medium, all caps with kerning and a slight horizontally skew. It is set in the dark blue color.

"Bath"
is set in Aquawax Medium, all caps with kerning and a slight horizontally skew. It is set in the medium blue color.

LUXURYBATH
BY BATH CONCEPTS

Byline Affiliation with Parent Brand"
Byline is set in Barlow, italic and is sized and kerned to flow with the logomark. It is set in the dark blue color.

Do not try to recreate the logo. Never typeset the logomark: use supplied files.
Please use the color equivalents for proper media noted on pages 9-10.

LOGO USAGE GUIDELINES

CLEAR SPACE

Our logo has been designed in both horizontal and vertical formats to accommodate various usages and with and without our byline. The minimum clear space required on all sides is defined as the space between the "diamond icon" and the start of the word "Luxury" (figure 1.0).

MINIMUM SIZE

To ensure clear legibility, the smallest permissible size for display of the logomark with and without byline is listed below (figure 2.0).

FIGURE 1.0

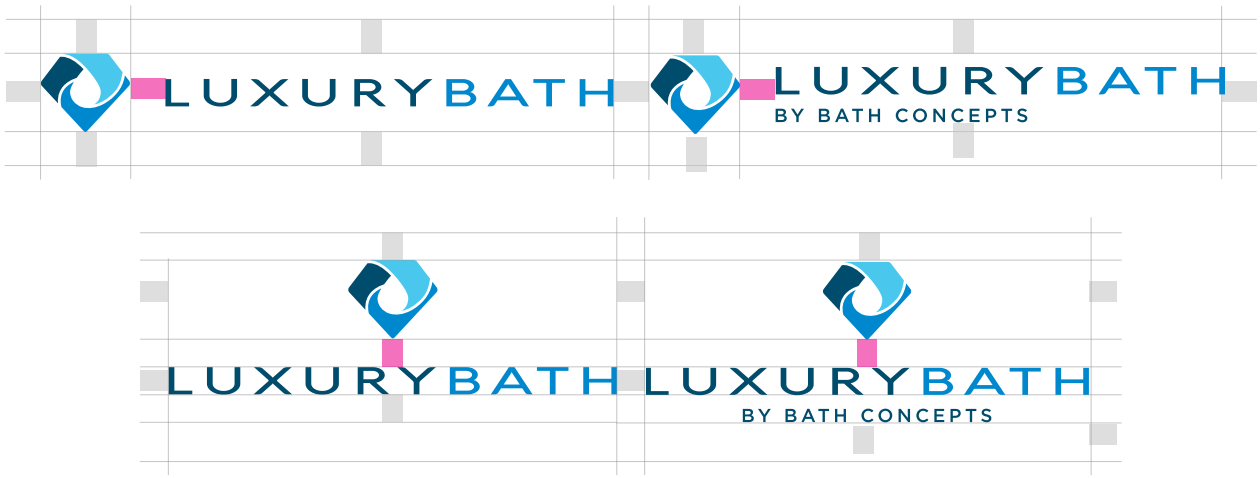

FIGURE 2.0

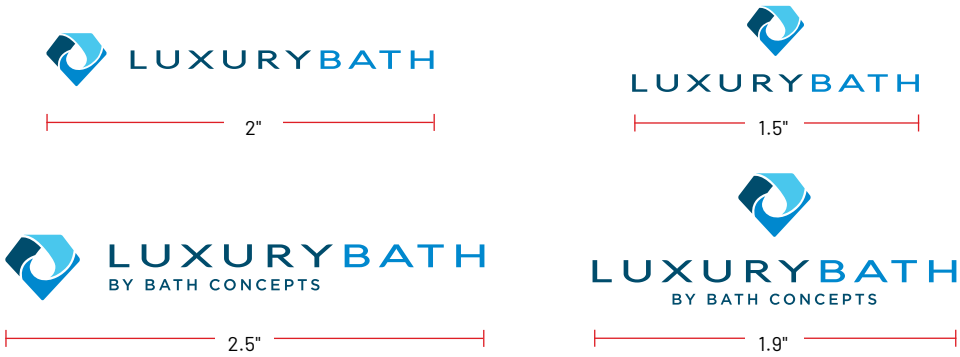

LUXURY BATH "DIAMOND WATERMARK" ICON

ICON ONLY

The "diamond watermark" icon may be used individually in print, web and applications such as silk screening or embroidery for branding apparel and promotional items.

The minimum clear space required on all sides of the icon should be the **"Diamond Watermark" icon** (figure 1.0). The minimum size width of the icon is **.5 inches** (figure 2.0).

FIGURE 1.0

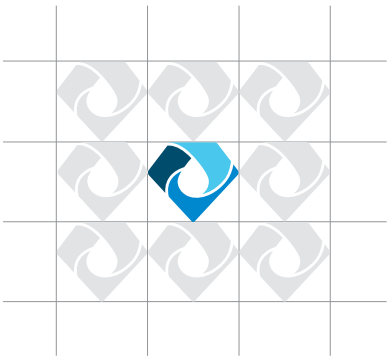

FIGURE 2.0

Smallest permissible size for display of the mark to ensure clear legibility.

In special circumstances, the icon may be paired with the text of the logo in separate areas (figure 3.0). For example, the mark may appear on the front of a hat and the text on the back, or separating them on the front and back of a business card. ***Bth Concepts approval is required for use in this situation. See contact information on back cover.***

The color specifications apply as stated on pages 9-10.

FIGURE 3.0

Bath Concepts approval is required for use in this situation. See contact information on back cover.

PROHIBITED USES

X

LUXURYBATH
Simply Brilliant. Simply Affordable.

Do not alter the scale of the icon element.

X

LUXURYBATH

Do not display the logo in colors other than those specified.

X

LUXURYBATH

Do not alter the shape.

X

LUXURYBATH

Do not distort the proportions.

X

LUXURYBATH

Do not use background colors other than approved colors stated on pages 9-10.

X

Do not use over background graphics.

X

LUXURYBATH

Do not use smaller than permissible size.

COLOR PALETTE

PRINT & DIGITAL COLOR PALETTE

The Luxury Bath color palette consists of the three colors listed below. When producing collateral, the color workspace is defined as follows:

Print
Use Pantone® Matching System or CMYK colors.

Web
Use hexadecimal values.

On-screen (Powerpoint/Keynote, etc.)
Use RGB values.

PANTONE COLORS

The Pantone colors listed below are to be used when printing on **coated** or **uncoated** paper stock.

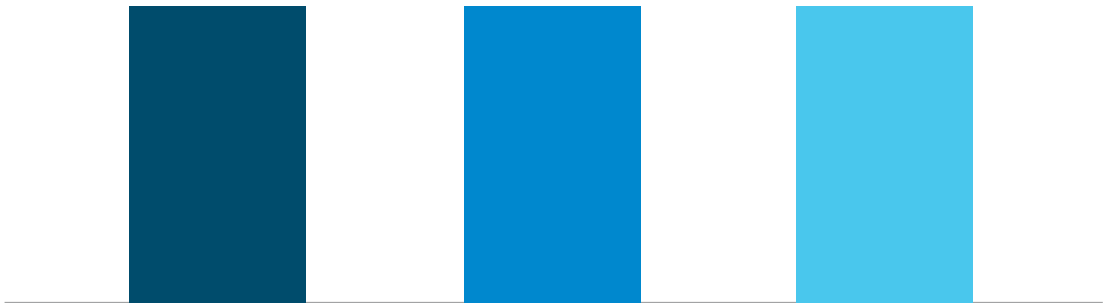
CMYK COLORS

When printing in **4-color process**, please use the colors listed below. Please note that four-color equivalents, when compared to Pantone colors, will produce varied, imperfect results.

RGB / HEX COLORS

The **RGB** logo must be used in media such as videos, websites, PowerPoint decks, onscreen device or if specifically requested.

COLOR PALETTE



PANTONE 3025 COATED/UNCOATED
CMYK: 100/27/10/56
HEX: #004F71
RGB: 0/79/113

PANTONE 3005 COATED
PANTONE 7460 UNCOATED
CMYK: 100/31/0/0
HEX: #0077C8
RGB: 0/119/200

PANTONE 2985 COATED/UNCOATED
CMYK: 60/0/3/0
HEX: #5BC2E7
RGB: 91/194/231

SINGLE COLOR & REVERSE USAGE

SINGLE COLOR

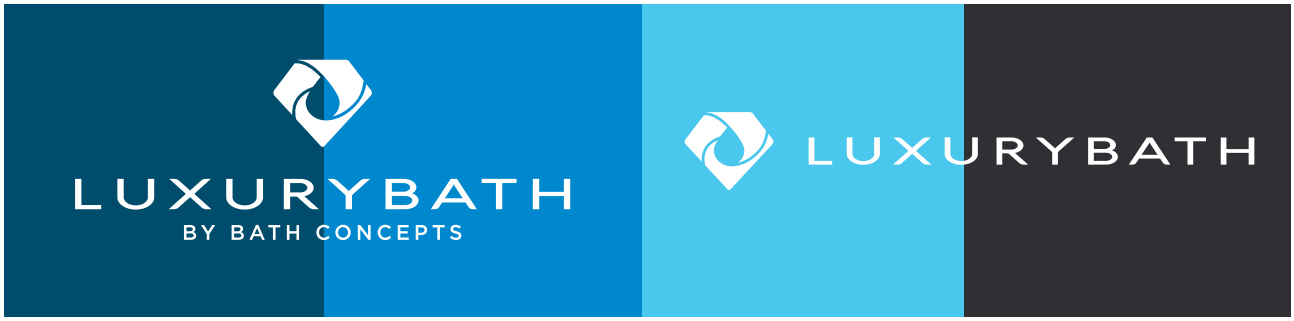
The logomark may be displayed in a single color — black, (figure 1) when conditions or regulations are warranted.

REVERSE COLOR

The logomark may be displayed in reverse (figure 2) on a solid color background when conditions dictate. Ideally, the background will be one of the Luxury Bath logo colors or black.

FIGURE 1.0 – One color logo shown with and without byline in one color black.

FIGURE 2.0 – Full reverse logo shown with and without byline on dark blue, medium blue, light blue and black.
Please refer to color palette on pages 9-10.



MICROBAN PARTNERSHIP

MICROBAN LICENSING PARTNERSHIP
Luxury Bath is one of the only bath companies with Microban protection licensing. It is the main differentiator for the brand.

To be clear, Luxury Bath holds the license for Microban. Dealerships do not individually hold the Microban license.

Never use a non-Luxury brand dealer logo separately with Microban (figure 1) unless the official Luxury Bath logo also appears with the Microban logo (see next page.)

Please review the Luxury Bath collateral and website for more visual cues on how to represent the brand.

PROTECTION THAT LIVES ON MICROBAN®

REGIONAL CO-BRANDING

Luxury Bath recognizes that some dealers may already have brand equity built up in their own company name. If a dealer is retaining their own logo (Figure 1.0), it may be used larger than the LB logo, but should include the word **"FEATURING."** *Do not take ownership by using the word "by." Luxury Bath is not "by" any entity other than Bath Concepts.*

Luxury dealership contracts are set up in protected regions. These are determined by a system of zip codes. Dealers take on the name of the basic region they represent, dependent upon their scope of business, availability and local preferences.

Luxury Bath holds the license for Microban. In order to offer the benefits of Microban anti-microbial protection, the Luxury Bath logo ***must*** appear with any appearance of the Microban logo. (See Microban usage guide.)

On this page (Figure 2.0) are examples of placement guidelines for regional inserts and logo pairings to co-brand communications using the vertical or horizontal Luxury Bath logo.

FIGURE 1.0 – Using Luxury Bath logo when brand equity is previously built in company's existing name

FIGURE 2.0 – Regional insert specifications for vertical and horizontal logo.

- Regional insert text is proportionally smaller than LB logo.
- Text can be shown with or without the word "OF."
- For legibility, use a sans serif font.
- When using the **LB vertical logo**, center the regional text under the LB logo in all caps.
- When using the **LB horizontal logo,** left align the regional text under the "L" of in all caps.

PHOTO STYLE

PHOTOGRAPHY USAGE

Lifestyle Photos: Fresh, clean, light-infused, wholesome imagery. Artfully cropped images and diverse subjects are suggested when using stock photography.

Product Photos: Ensure that product is hero of the photo. Use plenty of lighting in the wet area. Dark bathing areas are not inviting and are reminiscent of a dank, moldy atmosphere.

Dealers in good standing have access to all our high-resolution photos in the Luxury Bath Dealer Resource Center (DRC).

Vendors need dealer permission for access.

Luxury Bath owns the rights to all product photography. Dealers who are NOT in good standing are prohibited from using our imagery.

COLLATERAL MATERIALS

As with our photography, our collateral (figure 1.0) has a fresh, clean, bright and airy feel, that also relates to a diamond/gem. Thus, angle cuts can be utilized in color blocks, corners and imagery when needed. These angles can be used at a 45 degree when using corner elements and for corner cropping photos, or can be set to the matching angles of the icon when applicable.

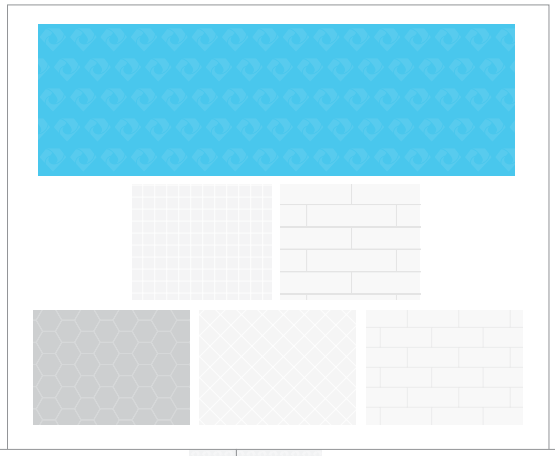
Use of these angle cuts in our brand not only enhances the relationship to our new icon, but also allows extra padding on photography when needed.

When using color blocks (figure 2.0), a second 70% transparent overlapping panel can be used to show the many facets of not only a diamond, but of our products.

The icon and/or tile patterns (figure 3.0) may be used screened back in color areas — *see page 15*.

FIGURE 1.0 – Capabilities Brochure

FIGURE 3.0 – Use of patterns in backgrounds



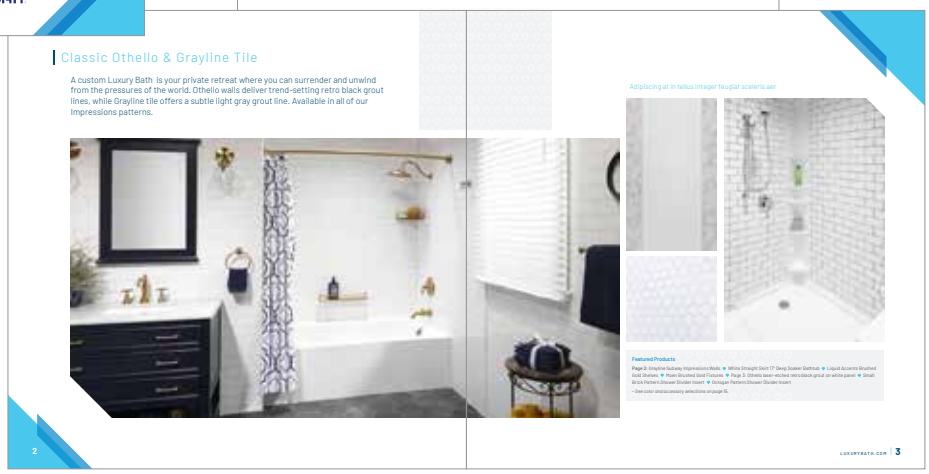


FIGURE 2.0 – Example of transparent color panel

BACKGROUND PATTERNS

Luxury Bath has approved the use of background patterns that can be used in digital and print collateral. These images should be used *screened back* in solid colored block areas. ***Please only use the images below which will be provided in digital (.eps) format.***

The icon (figure 1.0) from our logo can be repeated and used as a pattern, along with any of our laser-etched tile patterns (figure 2.0). ***These patterns can ONLY be used in B&W format.***

ICONOGRAPHY

When using icons, please use the two-color (figure 1) style below on digital and print collateral – *these can be provided if requested*. If additional icons are needed, create icons in a fashion that resembles the stroke-based style below.

Icons should be created using the medium and dark blue colors of our brand. Please do not stray from this approved style as they maintain the integrity of the Luxury Bath brand.
